

The Picknalls First School Sunflower Growing Challenge.

Today we are launching a competition that every child at Picknalls First School can participate in. There is no charge but there will be prizes!

Sunflower growing packs have been given to each child with instructions on how to grow their sunflower.

The fantastic PTA here at Picknalls have kindly funded this activity and will provide a prize for the tallest sunflower in each class as well as the tallest sunflower overall.

To enter the competition, you simply need to plant the seeds provided and care for them over the coming weeks.

Saturday 15th July is measuring day and all you need to do is to email a picture of your child with their sunflower and the height of the sunflower in centimetres to ajones@picknalls.co.uk to be in with a chance of winning. Winners will be announced during our whole school assembly on Monday 17th July.

Good luck and if you have any queries do just pop and find Mrs Jones on the Early Years playground.
