

Picknalls First School

Year 3 - Spring Term 1 - Gums to Bums

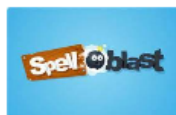

Please help your child to explore our topic

English

We will continue to work on spelling patterns and rules. Some focus on the year 3 and 4 statutory spelling list (attached) and also homophones.

We will learn about non chronological texts such as information pages, leaflets and reports. Some time will be spent proof reading work and improving when needed.

Music

We will begin to play the recorder learning notation

Design and Technology

We will design and create our own healthy snacks!

PE

We will continue on our final block of swimming and transfer our skills from the floor to the apparatus.

Art

We will create accurate drawings from still life. We will look at Andy Warhol's work and techniques.

RE

We will look at special foods within different religions.

We will look at how people give up food. Food for celebrations, fasting and feasting.

Maths

We will continue our multiplication and division work.

2x, 5x, 10x, 3x, 4x and 8x table facts quick recall and we will explore written methods when working with 2 digit numbers also.

We will also be learning about length and perimeter using cm, m and km.

ICT

We will use SumDog to practise mental maths and use JiT5 branch to create databases.

French

We will begin to understand and follow simple classroom instructions and know the names of classroom objects.

Science

We will learn about teeth and digestion. Food groups and a healthy balanced diet. We will explore how nutrients, water and oxygen are transported around the body.

RHE Keeping and Staying healthy. In mind and body.
