

Picknalls First School  
Year 2 - Autumn Term 1

### English

We will read "The Tunnel", "The Proudest Blue" and "Counting on Katherine". These will be our class texts to practise fluency, tone, expression and understanding.

We will also write a letter and a narrative. Learning the features of these and learn the skills we need to be successful in writing.

### Maths

We will be learning about place value and will recognise, write & order numbers within 100.

We will count in 2s, 3s, 5s & 10s. We will learn number bonds within 100, fact families within 20. We will also + and - 1s and 10s.

### Music

We will learn the beginnings of beat, rhythm, melody and call and response through a fun song called "Tony Chestnut".

### Geography

To know the location of the World's continents and their surrounding oceans.

To create maps including the equator and poles. To use a simple key to label these.

### PE

Athletics - basic running, jumping & throwing.

Orienteering with team work & position.

### Art

To create texture in our drawing. To add depth by including light and dark.

To look at the work by John Tenniel and create an illustration using his texture and shading techniques.

### RE

Children will explore stories from different religions and learn about the attitudes towards the natural world.

### ICT

iPads - JiT5 software to learn how to present information

### Science

We will explore life cycles in humans and other animals and we will understand what animals need to survive.

### RHE

**Relationships**-The class will learn about friendships, bullying and body language.
