

Geography

This half term, we will be focussing human and physical features in Uttoxeter. We will be finding out and comparing human and physical features and creating simple maps including different features on these.

Science

What is a material? We will learn the names of different materials. We will decide what the differences are between objects and materials, as well as learn about and explore recyclable materials.

P.E.

This half term in year 1, we will be focussing on the topics of dodgeball in which we will be developing our ball skills and team work. We will also be focussing on orienteering as our other P.E topic.

Art

This half term we will be working with paint. We will be focussing on colour mixing and warm and cold colours. We will be studying the work and style of Paul Klee.

RHE:

This half term, we will be focusing on relationships. We will be looking in particularly at bullying and body language. We will engage in class discussions about good choices to ensure we have positive relationships alongside the support from Deedee.

Music.

Music lessons will provide a rich opportunity for pupils to develop their musical vocabulary and deepen their understanding of core musical elements, such as pulse, rhythm, dynamics, tempo, and pitch.

English

This half term in Phonics, we will be continuing to learn phase 5 sounds as well as recapping sounds already taught. We will work hard to start applying these into our writing. We will still focus on ensuring we can structure a sentence and use a capital letter, finger space and full stop. We will also begin to include 'I' into our work to add detail to our sentences. We will be focussing on narratives of the stories we look at and being able to write a short narrative and order stories read to us. We will read a book a week based around our topic to help us with

Maths

This half term, we will be looking at place value within 20. Children will understand the teen numbers and different ways of representing them. The children will compare and order numbers within 20 and be able to use a number line to 20. Towards the end of the half term we will look at number bonds to 20 and doubling numbers.
